Test Script

1	Step Open a new tab and navigate to the application's page
	Test Data jira.codecool.codecanvas.hu
	Expected Result Jira application is visible on two tabs (tab1, tab2) and user should be logged in on tab2 too.
2	Step Switch back to tab 1. click user profile button at page navbar's top right corner, from the dropdown menu select and click to "Log Out".
	Test Data
	Expected Result

	Logout from the page, page's navbar displays a button with "Log In" text, and a logout confirmation screen appears with a "Logout" header.
3	Step Switch to tab2 and refresh the page.
	Test Data
	Expected Result User should be logged out on tab2 too...page's navbar displays a "Log In" text, and a login input screen appears.
